Re: C-IV Procurement

---

The California Statewide Automated Welfare Systems (SAWS) Consortium IV (C-IV or the Consortium) is requesting proposals from qualified and experienced organizations that have demonstrated leadership and operational success in providing procurement planning consultant services. These services are needed to support the Consortium in developing a large-scale competitive procurement process for Maintenance and Operations (M&O) goods and services for the C-IV System.

The C-IV Procurement Project invites vendors to review the Request for Proposal (RFP) and other key Project documentation and information available at the C-IV Project website: <http://www.c-iv.org/ProcurementLibrary.shtml>.

Vendors must state their intention to submit a proposal by 4:00 PM (PT), on 4/16/2009. **Failure to submit a timely Letter of INTENT TO RESPOND will result in elimination from further consideration and receipt of materials.**

There will be a pre-bid Vendor Conference at the Office of Systems Integration office located at **2525 Natomas Park Drive, Suite 100, Sacramento, CA at 9:00 AM, (PT) Monday, April 13, 2009**. Attendance at the conference is optional.

All communications with the Consortium regarding this RFP, its exhibits and/or attachments shall be submitted in writing in a sealed envelope, package, or e-mail clearly labeled 'C-IV Procurement Projec' to:

Ms. Leslie Johnson,  
11290 Pyrites Way, Suite 150  
Rancho Cordova, CA 95670

Vendors are specifically directed not to contact the Consortium Counties, other California Counties, the State, or Consortium Project Team members for meetings, technical information, or other matters related to this Procurement.

**Failure to adhere to this policy shall result in elimination of the Vendor's proposal from further consideration.**

Vendors are advised that the acquisition of services pursuant to this procurement is dependent upon approval by State and Federal funding agencies. Neither the Consortium IV nor the funding agencies will be liable for any cost or damage a vendor might incur as a result of relying on the information contained in the Request for Proposal, #2009-01, Planning Consultant Services.
